**Declassification/Release Instructions on File**

Colonel Eugene Rogers  
155 Mobilization Designation Detachment  
(Staff: JICS) P.O. Box 1184  
Fort Myer Station  
Arlington, VA 22211

1. The condensed and reformatted version of the OACSI contract study, Army Long Range Environmental Projection, Volume IV, Middle East and North Africa, prepared by your Detachment, has been received and reviewed in my office. Your summary of the Middle East and North Africa volume is a clear and concise outline of the significant trends affecting these areas. It makes the material presented in the original volume more usable and more readily available and as such, provides a valuable document to the Army planner and intelligence analyst. In addition, the format and organization of the summary document provide a clear, logical and readable presentation of the substantive material of the study. We believe this is an excellent format and intend to have it serve as a model for other study summaries which we may have prepared in the future.
2. I would appreciate it if you could endorse a copy of this letter to each of the seven officers who participated in the project to convey my thanks for their efforts and accomplishments. I appreciate very much their excellent work and the support you have given us. I look forward to further contributions your Detachment may make toward assisting my office in fulfilling its responsibilities to the Army Staff. Congratulations on a job exceptionally well done.

  
HAROLD R. AARON  
Major General, GS 1  
ACofS for Intelligence

STATINTL

As you will remember, some time ago you agreed to some of our Army reservists working with the Office of the Assistant Chief of Staff for Intelligence (OACSI) on certain substantive projections. Also, you read [REDACTED] report for the Reserve Program's Training Year 1975-76, in which this co-op program with OACSI was off and running.
